

Department  
of Health &  
Social Care

**CARE**

A close-up photograph of a woman and a young man in a swimming pool. The woman, in the background, has dark hair and is wearing a light blue surgical face mask. She is smiling with her eyes closed. The young man, in the foreground, has bright red hair and is also smiling broadly, showing his teeth. They are both in the water, which is a clear blue color. The lighting is bright, suggesting an outdoor pool setting.

**Chris made it further  
than ever before.**

Made possible with a care worker's support.

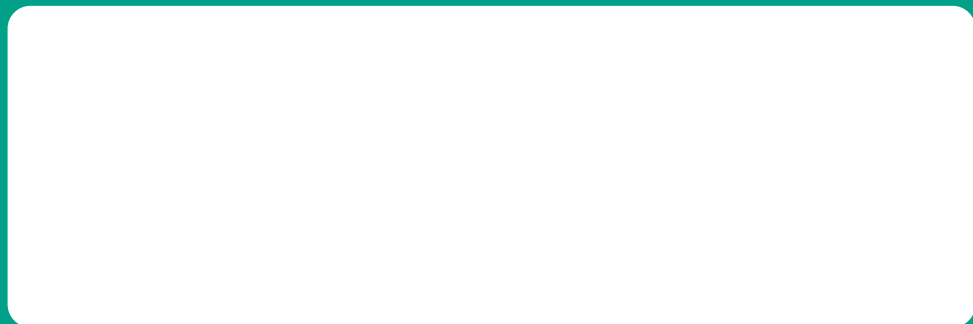

# We're recruiting care workers in your local area now.

**If you are looking for a meaningful career, where you can support others to live fulfilling, independent lives while making connections every day – adult social care could be the move for you.**

When you work in adult social care, no two days are ever the same. With lots of different roles and flexible hours to fit around your life, a career in care is a career with variety.

You don't need any qualifications to get started, you just need to bring the right values and you can then train while you work. There's lots of opportunities to progress in a career in care, as you can gain qualifications, undertake additional training or take on more responsibilities.
